## Administration

- Candace Deans, Director, MS in Technology Management Program

The Chief Information Officer Graduate Certificate helps Information Technology (IT) professionals gain core competencies necessary for advancement into executive level roles that manage IT resources and strategy within organizations. The program specifically focuses on Enterprise Architecture and IT Governance, Management of Information Security, IT Project Management, Managing IT Investments, Managing IT Operations, and Emerging Technologies.

To verify if this certification currently qualifies for Title IV Federal Financial Aid, please visit the unit website.

## Admissions & Policies

### Admissions

All students registering for School of Business graduate courses must have graduate standing. Non-degree student status is not available.

Full eligibility and admission requirements can be viewed on the School of Business website (<https://business.gmu.edu/programs/graduate/admissions/>).

### Policies

This is a 12-credit program and students may use the credits completed as part of their graduate degree requirements in accordance with AP.6.8.1 Students in Master's or Doctoral Programs also Pursuing Graduate Certificates (<http://catalog.gmu.edu/policies/academic/graduate-policies/#ap-6-8-1>).

Graduate level courses offered by the School of Business cannot be audited.
