Fairfax Campus

Email: gloa@gmu.edu
Website: globalaffairs.gmu.edu/programs/la-ba-gloa

Global affairs is an interdisciplinary major that introduces students to the processes of globalization that affect all societies. Students gain a sophisticated understanding of complex issues such as terrorism, refugee crises, global inequality, and health and environmental challenges. Core courses in the major provide a knowledge foundation of the political, economic, cultural, and environmental processes in our global and globalizing world. The choice of a thematic or regional concentration helps students tailor the degree to their particular interests and career goals. Students in this program are encouraged to participate in study abroad opportunities and internships. They can complement their major with a second major or a minor.

This is a Green Leaf program (<http://catalog.gmu.edu/student-services/green-leaf-programs-courses/>).

Admissions & Policies

Policies

Students pursuing this degree must complete 36-39 credits within the major, with a minimum cumulative GPA of 2.00. Students completing the Smithsonian-Mason semester program will have a total of 40-43 credits. Students must have a minimum grade of C in each of the core courses, including the capstone course (GLOA 400), and a minimum grade of C- in each of the courses used to fulfill the concentration and the language requirement for Global Affairs majors. Students who major in Global Affairs may not also earn the minor in Global Systems.

Global Affairs majors fulfill the Mason Core Capstone requirement by successfully completing GLOA 400.

For policies governing all undergraduate degrees, see AP.5 Undergraduate Policies (<http://catalog.gmu.edu/policies/academic/undergraduate-policies/>).

Requirements

Degree Requirements

Total credits: minimum 120

This is a Green Leaf program.

Students should be aware of the specific policies associated with this program, located on the Admissions & Policies tab.

Core Courses in the Major

Code	Title	Credits
GLOA 101	Introduction to Global Affairs (Mason Core) (http://catalog.gmu.edu/mason-core/)	3
CONF 340	Global Conflict Analysis and Resolution (Mason Core) (http://catalog.gmu.edu/mason-core/)	3
CULT 320	Globalization and Culture (Mason Core) (http://catalog.gmu.edu/mason-core/)	3
ECON 385	International Economic Policy	3
EVPP 337	Environmental Policy Making in Developing Countries	3
GOVT 322	International Relations Theory ¹	3
Total Credits		18

1

Note the prerequisite for this course: GOVT 132 Introduction to International Politics (Mason Core) (<http://catalog.gmu.edu/mason-core/>) or GOVT 133 Introduction to Comparative Politics (Mason Core) (<http://catalog.gmu.edu/mason-core/>)

Capstone Course

Code	Title	Credits
GLOA 400	Global Affairs Capstone (Mason Core) (http://catalog.gmu.edu/mason-core/)	
GLOA 492	Honors Research Project in Global Affairs (Mason Core) (http://catalog.gmu.edu/mason-core/)	

Select one of the following:

GLOA Foreign Language Requirement (6 credits of language study beyond intermediate proficiency)

All BA students in CHSS are required to demonstrate intermediate proficiency in one foreign language¹. To fulfill the Global Affairs foreign language requirement, students can continue the study of one language beyond the intermediate proficiency level required for all BA degrees in the college or choose to study other languages. After demonstrating intermediate proficiency in one foreign language, an additional six credits of courses taught in a foreign language, at any level, are required.

1

Intermediate proficiency is achieved by completing a course in a foreign language numbered 202 (or higher level courses taught in the language) or achieving a satisfactory score on an approved proficiency test. A three course sequence in American Sign Language (EDSE 115 American Sign Language (ASL) I (<https://catalog.gmu.edu/search/?scontext=courses&search=edse+115>), EDSE 116 American Sign Language (ASL) II (<https://catalog.gmu.edu/search/?scontext=courses&search=edse+116>), and EDSE 219 American Sign Language (ASL) III (<https://catalog.gmu.edu/search/?scontext=courses&search=edse+219>)) will also meet the foreign language requirement. Students who are already proficient in a second language may be eligible for a waiver of this requirement.

Concentrations in the Major

Students select one concentration and complete the requirements therein. Courses applied to a global affairs concentration must come from at least two different departments. Concentration courses must be unique to the concentration: they cannot be simultaneously used to fulfill any Mason Core (<http://catalog.gmu.edu/mason-core/>) or college requirement for the bachelor's degree. They cannot be applied to any other major, minor, concentration, or certificate.

In addition to the courses listed with each concentration, other relevant courses, including special topics courses, study abroad, and internships (maximum 3 credits), may be applied to a concentration with prior written approval from the director.

Available Concentrations

- Concentration in the Environment (EVT)
- Concentration in Global Economy and Management (GEM)
- Concentration in Global Governance (GLGV)
- Concentration in Global Inequalities and Responses (GIR)
- Concentration in Human Security (HMSC)
- Concentration in International Development (IDEV)
- Concentration in Media, Communication, and Culture (MCC)
- Concentration in Africa (AFR)
- Concentration in Asia (ASA)
- Concentration in Europe (EU)
- Concentration in Latin America (LA)
- Concentration in Middle East and North Africa (MNA)
- Concentration in North America (NA)
- Concentration in Russia and Central Asia (RCA)
- Individualized Concentration (IND)

Concentration in the Environment (EVT)

Students may complete this concentration through 12 credits of regular coursework or through the Smithsonian-Mason Semester Program (15-16 credits).

Regular Coursework

---------------	----

1

Note the prerequisites for this course: ECON 103 Contemporary Microeconomic Principles (Mason Core) (<http://catalog.gmu.edu/mason-core/>) and ECON 104 Contemporary Macroeconomic Principles (Mason Core) (<http://catalog.gmu.edu/mason-core/>)

Smithsonian-Mason Semester Program

Students complete 16 credits offered through the Mason Center for Conservation Studies in cooperation with the Smithsonian National Zoo Smithsonian Conservation Biology Institute. Students may choose to focus their study on "Conservation, Biodiversity and Society", "Wildlife Ecology and Conservation", or "Endangered Species Conservation". Students take the courses in the selected focus area together in one semester, living on site at the institute in Front Royal, VA. Students who apply this coursework to the concentration cannot also apply it to the minor in Conservation Studies.

Code	Title	Credits
Select one of the following focus areas:		16
Conservation, Biodiversity and Society option (16 credits):		
CONS 320	Conservation in Practice	
CONS 401	Conservation Theory	
CONS 402	Applied Conservation	
CONS 410	Human Dimensions in Conservation (Mason Core) (http://catalog.gmu.edu/mason-core/)	
CONS 490	RS: Integrated Conservation Strategies (Mason Core) (http://catalog.gmu.edu/mason-core/)	
Wildlife Ecology and Conservation option (16 credits):		
Offered only in Fall semesters, students complete four required courses:		
CONS 400	Conservation Seminar	
CONS 404	Biodiversity Monitoring	
CONS 405	Landscape and Macrosystems Ecology	
CONS 496	Research in Conservation (Mason Core) (http://catalog.gmu.edu/mason-core/)	
Endangered Species and Conservation option (16 credits)		

Offered only in Spring semesters, students complete four required courses:

CONS 400	Conservation Seminar
CONS 406	Small Population Management
CONS 491	RS: Conservation Management Planning (Mason Core) (http://catalog.gmu.edu/mason-core/)
CONS 496	Research in Conservation (Mason Core) (http://catalog.gmu.edu/mason-core/)
<hr/>	
Total Credits	16

Concentration in Global Economy and Management (GEM)

In this concentration, students explore marketing, managing, financing, and networking dimensions of the globalizing world economy. Students will take classes on economic policies of national governments and international organizations as well as operations of non-government market actors.

Code	Title	Credits
Select 12 credits from the following:		12
ECON 310	Money and Banking	
ECON 360	Economics of Developing Areas (Mason Core) (http://catalog.gmu.edu/mason-core/)	
ECON 361	Economic Development of Latin America (Mason Core) (http://catalog.gmu.edu/mason-core/)

Concentration in Global Inequalities and Responses (GIR)

This concentration addresses global social issues and the steps actors such as non-profits, social movements, and international organizations take to address these issues. Courses cover human rights, refugee crises, gender violence, racial discrimination, and economic inequality from both historical and contemporary perspectives and in different parts of the world. Students are expected to acquire the skills to analyze complex social problems and to be able to formulate effective strategies to address these.

Code	Title	Credits
Select 12 credits from the following:		12

Total Credits	12

Concentration in Human Security (HMSC)

This concentration is designed to conceptualize security beyond the boundaries of national security and to promote a more comprehensive understanding of "human security" in its multiple facets, including: food and health (famine and infectious disease), environmental security (natural disasters and climate change), and economic security (development). Coursework addresses these and other themes and draws on government, sociology, criminology, environmental science and policy, and other fields. Students are expected to garner an understanding of the sources of insecurity in today's world.

Code	Title	Credits
Select 12 credits from the following: 12

Or other course approved by the program director	
Total Credits	12

Concentration in International Development (IDEV)

In this concentration, students examine international development, its challenges, and how these are addressed by governments, international organizations, and non-governmental organizations. Coursework covers development economics, the politics of developing regions and transitional economies, the social consequences of global inequality, public health and health-related development issues, humanitarian relief, and more. Students are expected to gain the knowledge and skills to prepare them for work in the development sector or for further specialized studies in international development.

Total Credits		12

Concentration in Middle East and North Africa (MNA)

This concentration provides students with a contemporary and historical perspective on the politics, economics, and religious diversity of the Middle East and North Africa. Coursework includes broad surveys as well as courses on specific topics such as the Arab-Israeli conflict, francophone literature from North Africa, politics and Islam, and art and archeology of the ancient Near East. Upon completion of this concentration, students are expected to have an in-depth understanding of the current state of the Middle East and North Africa and how this state has developed historically.

Concentration in North America (NA)

In this concentration, students explore the multifaceted development of the United States and its relationship with its North American neighbors. Coursework includes historical examinations of pre-American culture, as well as in-depth surveys of political, economic, cultural, and artistic developments in United States. Upon completion of this concentration, students will have the ability to critically assess how the US has influenced and been influenced by European and non-European societies and traditions, knowledge of the development of American government and its consequences within and beyond North America, and an appreciation of the role of arts and literature in American culture.

Concentration in Russia and Central Asia (RCA)

This concentration provides students contemporary and historical perspectives on the political, economic, and cultural climates and trends in Russia and Central Asia. Upon completion of this concentration, students will not only have the skills to critically assess the impacts of Soviet-era legacies on newly independent political systems, economies in transition, and re-emerging cultural traditions, but also knowledge of pre-Soviet sociocultural and political environments in Russia and Central Asia.

Total Credits		12

Individualized Concentration (IND)

Students who wish to design their own concentration must submit a one-page proposal and create a curriculum plan to be approved by the director.

Writing-Intensive Requirement

The university requires all students to complete at least one course designated "writing intensive" in their majors at the 300 level or above. Students majoring in global affairs may fulfill this requirement by successfully completing EVPP 337 Environmental Policy Making in Developing Countries.

Upper Level Requirement

Students seeking a bachelor's degree must apply at least 45 credits of upper-level courses (numbered 300 or above) toward graduation requirements.

Additional Electives

Any remaining credits may be completed with elective courses to bring the degree total to 120.

College Level Requirements in the BA Degree

In addition to the Mason Core (<http://catalog.gmu.edu/mason-core/>) program, students pursuing a BA degree must complete the coursework below. Except where expressly prohibited, a course used to

fulfill a college level requirement may also be used simultaneously to satisfy other requirements (Mason Core (<http://catalog.gmu.edu/mason-core/>) requirements or requirements for the major).

Philosophy or Religious Studies

Code	Title	Credits
Select 3 credits from the following:		3
PHIL (http://catalog.gmu.edu/courses/phil/) ¹		
RELI (http://catalog.gmu.edu/courses/reli/)		

PHIL (<http://catalog.gmu.edu/courses/phil/>)¹
 RELI (<http://catalog.gmu.edu/courses/reli/>)

1

Note that the following courses may not be used to fulfill this requirement:

- PHIL 323 Classical Western Political Theory
- PHIL 324 Modern Western Political Theory
- PHIL 327 Contemporary Western Political Theory
- PHIL 393 Humanities College to Career
- PHIL 460 Senior Seminar in Philosophy, Politics, and Economics

Additionally, PHIL 253, RELI 235, RELI 333, and RELI 339 cannot be used to fulfill both the philosophy/religious studies requirement and the Mason Core literature (<http://catalog.gmu.edu/mason-core/#literature>) requirement.

Social and Behavioral Sciences

Code	Title	Credits
Select 3 credits of social and behavioral sciences from the following (additional to the Mason Core social and behavioral sciences requirement) ¹		3

ANTH (<http://catalog.gmu.edu/courses/anth/>)

CRIM (<http://catalog.gmu.edu/courses/crim/>)

ECON (<http://catalog.gmu.edu/courses/econ/>)

GOVT (<http://catalog.gmu.edu/courses/govt/>)

HIST (<http://catalog.gmu.edu/courses/hist/>)²

LING (<http://catalog.gmu.edu/courses/ling/>)

PSYC (<http://catalog.gmu.edu/courses/psyc/>)

SOCI (<http://catalog.gmu.edu/courses/soci/>)

Or choose from the following GGS courses:

GGS 101	Major World Regions (Mason Core) (http://catalog.gmu.edu/mason-core/)
---------	--

GGS 103	Human Geography (Mason Core) (http://catalog.gmu.edu/mason-core/)
---------	--

GGS 110	Introduction to Geoinformation Technologies
---------	---

GGS 301	Political Geography (Mason Core) (http://catalog.gmu.edu/mason-core/)
---------	--

GGS 303	Geography of Resource Conservation (Mason Core) (http://catalog.gmu.edu/mason-core/)
---------	---

GGS 304	Population Geography (Mason Core) (http://catalog.gmu.edu/mason-core/)
---------	---

GGS 305	Economic Geography
---------	--------------------

GGS 306	Urban Geography
---------	-----------------

GGS 315	Geography of the United States
---------	--------------------------------

GGS 316	Geography of Latin America
---------	----------------------------

GGS 320	Geography of Europe
---------	---------------------

GGS 325	Geography of North Africa and the Middle East
---------	---

GGS 326	Geography of Eastern Europe and Russia
---------	--

GGS 357	Urban Planning
---------	----------------

GGS 380	Geography of Virginia
---------	-----------------------

1

The two courses used to fulfill the combined college and Mason Core (<http://catalog.gmu.edu/mason-core/>) requirements must be from different disciplines in the social and behavioral sciences.

2

HIST 100 and HIST 125 may not be used to fulfill this requirement.

Foreign Language

Code	Title	Credits
Intermediate-level proficiency in one foreign language, fulfilled by: ¹		

Completing 3 credits in a foreign language numbered 202 (or higher level courses taught in the language) (http://catalog.gmu.edu/colleges-schools/humanities-social-sciences/modern-classical-languages/)
--

Or achieving a satisfactory score on an approved proficiency test

Or completing the following ASL three course sequence:
--

EDSE 115	American Sign Language (ASL) I
----------	--------------------------------

EDSE 116	American Sign Language (ASL) II
----------	---------------------------------

EDSE 219	American Sign Language (ASL) III
----------	----------------------------------

1

Students who are already proficient in a second language may be eligible for a waiver of this requirement. Additional information on waivers can be found at the Office of Undergraduate Academic Affairs (<http://chssundergrad.gmu.edu/>).

Non-Western Culture

Select 3 credits of an approved course in the study of a non-Western culture (additional to the Mason Core requirement in global understanding)

Code	Title	Credits
Select 3 credits (additional to Mason Core Global Understanding requirement) ¹

1

A course used to fulfill the Mason Core global understanding (<http://catalog.gmu.edu/mason-core/#global>) requirement may not be simultaneously used to satisfy this college-level requirement. A course used to fulfill this requirement may be used simultaneously to fulfill any other requirements (Mason Core requirements, college-level requirements, or requirements for the major). Additional information on waivers can be found at the Office of Undergraduate Academic Affairs (<http://chssundergrad.gmu.edu/>).

Mason Core

Some Mason Core (<http://catalog.gmu.edu/mason-core/>) requirements may already be fulfilled by the major requirements listed above. Students are strongly encouraged to consult their advisors to ensure they fulfill all remaining Mason Core (<http://catalog.gmu.edu/mason-core/>) requirements.

Students who have completed the following credentials are eligible for a waiver of the Foundation and Exploration (lower level) requirement categories. The Integration category (upper level) is not waived under this policy. See Admissions (<http://catalog.gmu.edu/admissions/undergraduate-policies/#transfertext>) for more information.

- VCCS Uniform Certificate of General Studies
- VCCS or Richard Bland Associate of Science (A.S.), Associate of Arts (A.A.), Associate of Arts and Sciences (A.A.&S.), or Associate of Fine Arts (A.F.A.)

Total Credits 40

1

Most programs include the writing-intensive course designated for the major as part of the major requirements; this course is therefore not counted towards the total required for Mason Core.

2

Minimum 3 credits required.

4-Year Plan

Bachelor of Arts in Global Affairs Sample Plan of Study

A sample four year graduation plan and degree planning worksheet can be found at <https://academicaffairs.chss.gmu.edu/undergraduate-students/advising/advising-sheets> (<https://academicaffairs.chss.gmu.edu/undergraduate-students/advising/advising-sheets/>). The plan is a recommended sequencing of courses based on prerequisites and scheduling. This may not fit every student's needs and is a guideline, not a requirement. Students should confirm major requirements with their academic advisor each semester and with their PatriotWeb Degree Evaluation to ensure they enroll in the proper courses and are on track to graduate.

Honors

Honors in the Major

Highly qualified students may pursue advanced work leading to graduation with honors in the major. Global affairs majors who have completed 75 credits with an overall GPA of 3.50 and a GPA of 3.50 in courses for the major are eligible to apply to graduate with honors.

Students pursuing honors in the major must complete the two-course honors sequence, GLOA 491 Honors Seminar in Global Affairs and GLOA 492 Honors Research Project in Global Affairs (Mason Core) (<http://catalog.gmu.edu/mason-core/>), with a minimum GPA of 3.50 in the sequence. Not all applicants who meet the minimum requirements are guaranteed acceptance.

Accelerated Master's

The accelerated master's program listed below specifies the BA in global affairs as a feeder degree for its program. Many other accelerated master's programs are also available for any bachelor's degree at Mason. See the full list of degrees (https://catalog.gmu.edu/programs/#filter=filter_24) with accelerated programs at George Mason. In addition, as a student with a BA in global affairs you may be particularly interested in the accelerated (<https://catalog.gmu.edu/colleges-schools/humanities-social-sciences/global-affairs/global-affairs-ma/#acceleratedmasterstext>) MA in global affairs (<https://catalog.gmu.edu/colleges-schools/humanities-social-sciences/global-affairs/global-affairs-ma/#acceleratedmasterstext>).

Bachelor's Degree (any)/Global Affairs, Accelerated MA

Overview

Highly qualified undergraduates may be admitted to the bachelor's/accelerated master's program and obtain a BA/BS in a chosen major and an MA in Global Affairs in an accelerated time-frame after satisfactory completion of a minimum of 138 credits.

See AP.6.7 Bachelor's/Accelerated Master's Degree (<http://catalog.gmu.edu/policies/academic/graduate-policies/#ap-6-7>) for policies related to this program.

Students in an accelerated degree program must fulfill all university requirements for the master's degree. For policies governing all graduate degrees, see AP.6 Graduate Policies (<http://catalog.gmu.edu/policies/academic/graduate-policies/>).

BAM Pathway Admission Requirements

Applicants to all graduate programs at George Mason University must meet the admission standards and application requirements for graduate study as specified in Graduate Admissions Policies (<http://catalog.gmu.edu/admissions/graduate-policies/>) and Bachelor's/Accelerated Master's Degree policies (<http://catalog.gmu.edu/policies/academic/graduate-policies/#ap-6-7>). For information specific to the accelerated MA in global affairs, see Application Requirements and Deadlines (<https://globalaffairs.gmu.edu/programs/LA-MA-ACEL-gloa/>) on the departmental website.

Students will be considered for admission into the BAM Pathway after completion of a minimum of 60 credits, and after meeting the following:

- Minimum overall GPA of 3.25
- Enrolled in or have completed a foreign language course 202 or higher with a minimum grade of C- prior to graduation with the BA (or other evidence of proficiency in foreign language).

Students who are accepted in the BAM Pathway will be allowed to register for graduate level courses after successful completion of a minimum of 75 undergraduate credits.

Accelerated Master's Admission Requirements

Students already admitted in the BAM Pathway will be admitted to the MA program, if they have met the following criteria, as verified on the Bachelor's/Accelerated Master's Transition form:

- Minimum overall GPA of 3.50
- Minimum grade of B in each advanced standing course
- Successfully met Mason's requirements for undergraduate degree conferral (graduation) and completed the application for graduation.

Accelerated Pathway Requirements

To maintain the integrity and quality of both the undergraduate and graduate degree programs, undergraduate students interested in taking graduate courses must choose from the following:

Code	Title	Credits
Advanced Standing courses (up to 12 credits with a minimum grade of B in each)		
Required Course		
GLOA 600	Global Competencies	3

Additional Optional Courses		
GLOA 610	Economic Globalization and Development	3
GLOA 615	Case Studies in Globalization ¹	3
GLOA 599	Issues in Global Affairs ²	1-6

Other specialization course after GLOA 600 and GLOA 605 have been completed with the permission of the program.

Reserve Graduate Credit courses (up to 6 credits) taken while an undergraduate and will only count for the graduate degree program

GLOA 599	Issues in Global Affairs ²	1-6
GLOA 605	Interdisciplinary Research Methods	3
GLOA 615	Case Studies in Globalization	3

500- or 600-level courses approved for student's specialization

¹ First 3 credits taken to fulfill the GLOA 615 requirement. May be repeated one time for another 3 credits as a specialization course, with permission of program.

² As a specialization course.

For more detailed information on coursework and timeline requirements see AP.6.7 Bachelor's Accelerated Master's Degree (<http://catalog.gmu.edu/policies/academic/graduate-policies/#ap-6-7>) policies.

Bachelor's Degree (selected)/ Environmental Science and Policy, Accelerated MS

Overview

This bachelor's/accelerated master's degree program allows academically strong undergraduates with a commitment to advance their education to obtain a Green Leaf-designated (<http://catalog.gmu.edu/student-services/green-leaf-programs-courses/>) bachelor's degree and the Environmental Science and Policy, MS (<https://catalog.gmu.edu/colleges-schools/science/environmental-policy/environmental-science-policy-ms/>) degrees within an accelerated timeframe. Upon completion of this 141-credit accelerated program, students will be exceptionally well prepared for entry into their careers or into a doctoral program in the field or in a related discipline.

Students are eligible to apply for this accelerated program once they have earned at least 60 undergraduate credits and can enroll in up to 18 credits of graduate coursework after successfully completing 75 undergraduate credits. This flexibility makes it possible for students to complete a bachelor's and a master's in five years.

For more detailed information, see AP.6.7 Bachelor's/Accelerated Master's Degrees (<http://catalog.gmu.edu/policies/academic/graduate-policies/#ap-6-7>). For policies governing all graduate degrees, see AP.6 Graduate Policies (<http://catalog.gmu.edu/policies/academic/graduate-policies/>). For more information on undergraduates enrolling in graduate courses, see AP.1.4.4 Graduate Course Enrollment by Undergraduates (<https://catalog.gmu.edu/policies/academic/registration-attendance/#text>).

Admission Requirements

Applicants to all graduate programs at George Mason University must meet the admission standards and application requirements for

graduate study as specified in the Graduate Admission Policies (<http://catalog.gmu.edu/admissions/graduate-policies/>) section of this catalog.

Important application information and processes for this accelerated master's program can be found here (<https://www2.gmu.edu/admissions-aid/how-apply/accelerated-masters/>).

The GRE exam is not required for this accelerated master's program.

Students should submit three letters of recommendation (at least one from a former professor or someone with a PhD), a recent resume, a statement of interest/research goals and interests (including information on the candidate's proposed MS research), and a letter from their advisor (Perspective Advisor Form (<https://science.gmu.edu/media/prospective-advisor-form-dnp-form-revised-mar-2023/>)) stating that the advisor agrees to take on the candidate as an MS student, how the candidate would be a good fit for them and why candidate's research topic would be suitable.

Students with an overall GPA of at least 3.20 who are pursuing any Green Leaf-designated (<http://catalog.gmu.edu/student-services/green-leaf-programs-courses/>) major or minor may apply to this accelerated master's program after completing two semesters of chemistry (including CHEM 211 General Chemistry I (Mason Core) (<http://catalog.gmu.edu/mason-core/>) and CHEM 212 General Chemistry II (Mason Core) (<http://catalog.gmu.edu/mason-core/>) and three semesters of biology, including a course in ecology, or the equivalent, for example:

Code	Title	Credits
Select one of the following options:		13
Option 1:		
BIOL 213	Cell Structure and Function (Mason Core) (http://catalog.gmu.edu/mason-core/)	
BIOL 214	Biostatistics for Biology Majors	
BIOL 308	Foundations of Ecology and Evolution	
Option 2:		
EVPP 210	Environmental Biology: Molecules and Cells	
EVPP 301	Environmental Science: Biological Diversity and Ecosystems	
EVPP 302	Environmental Science: Biomes and Human Dimensions	
EVPP 305	Environmental Microbiology Essentials	
EVPP 306	Environmental Microbiology Essentials Laboratory	
Option 3:		
CONS 401	Conservation Theory	
CONS 402	Applied Conservation	
6 credits of BIOL or CONS electives		

Graduate Advisor

By at least the beginning of their senior year, students should seek out a faculty member in the Department of Environmental Science and Policy (<http://catalog.gmu.edu/colleges-schools/science/environmental-policy/#facultytext>) who is willing to serve as their advisor. This advisor will aid the student in choosing the appropriate graduate courses to take and help to prepare the student for graduate studies. Admission into a research-oriented master's concentration is dependent upon securing the agreement of a faculty advisor. Faculty from a variety of departments and colleges at George Mason University (called "program faculty") can serve

as master's advisors. Potential students are encouraged to speak with the graduate program coordinator in the department to obtain guidance on this issue.

Accelerated Option Requirements

After the completion of 75 undergraduate credits, students may complete 3 to 12 credits of graduate coursework that can apply to both the undergraduate and graduate degrees.

In addition to applying to graduate from the undergraduate program, students in the accelerated program must submit a bachelor's/accelerated master's transition form (available from the Office of the University Registrar (<https://registrar.gmu.edu/forms/>)) to the College of Science's Office of Academic and Student Affairs (<https://cos.gmu.edu/about/contact-us/>) by the last day to add classes of their final undergraduate semester. Students should enroll for courses in the master's program in the fall or spring semester immediately following conferral of the bachelor's degree, but should contact an advisor if they would like to defer up to one semester.

Students must maintain an overall GPA of 3.00 or higher in all graduate coursework and should consult with their faculty advisor to coordinate their academic goals.

Reserve Graduate Credits

Accelerated master's students may also take up to 6 graduate credits as reserve graduate credits. These credits do not apply to the undergraduate degree, but will reduce the master's degree by up to 6 credits. With 12 graduate credits counted toward the undergraduate and graduate degrees plus the maximum 6 reserve graduate credits, the credits necessary for the graduate degree can be reduced by up to 18.

Graduate Course Suggestions

The following list of suggested courses is provided for general reference. To ensure an efficient route to graduation and post-graduation readiness, students are strongly encouraged to meet with an advisor before registering for graduate-level courses.

Code	Title	Credits
EVPP 518	Conservation Biology	3
EVPP 529	Environmental Science Communication	3
EVPP 621	Overview of Biodiversity Conservation	3
EVPP 635	Environment and Society	3

Program Outcomes

Program Outcomes

- Students will be able to summarize essential questions, debates, and issues in globalization and global studies.
- Students will be able to identify and break down assumptions made about global processes or dynamics.
- Students will be able to integrate theoretical concepts and methodological approaches from more than one academic discipline or field to analyze global challenges, problems, and issues.
- Students will be able to apply knowledge gained through coursework to propose informed and appropriate solutions to address problems in the human and natural worlds.
- Students will be able to recognize the historical and contemporary effects that human actions have on global systems.
- Students will be able to develop a well-informed research project using necessary analytical skills and to conduct research in an ethical manner.
- Students will be able to construct work in oral and written forms that integrates information from different credible sources to support an original argument.
- Students will be able to produce projects that adhere to academic standards and are able to be understood by a wide audience inside and outside of the university.
