 Website: <https://carterschool.gmu.edu/>

Analytical skills and techniques are critical to solving the world's toughest problems. In order to solve conflict we must first understand it. Critical thinking and research skills are the focus of our Bachelor of Science program and are in demand by employers of all sectors. Students pursuing a Bachelor's of Science in Conflict Analysis and Resolution develop research skills and have the opportunity to gain experience designing surveys, conducting interviews, analyzing statistics, and organizing data.

All conflict analysis and resolution majors choose an area of concentration:

- Building Peace in Divided Societies
- Global Engagement
- Political and Social Action
- Justice and Reconciliation
- Interpersonal Dynamics
- Collaborative Leadership
- Environmental Conflict and Collaboration

Advising

Advisors help students create an interdisciplinary course of study that meets their interests and career goals. All majors are strongly encouraged to meet regularly with an academic advisor from the School who will help students develop and follow a coherent plan of study and complete the degree in a timely manner.

Admissions & Policies

Policies

For policies governing all undergraduate degrees, see AP.5 Undergraduate Policies (<http://catalog.gmu.edu/policies/academic/undergraduate-policies/>).

Major Coursework Grade Requirement

Students cannot use more than 12 credits of coursework within the major with a C- or D grade to count towards the Conflict Analysis and Resolution, BS. If a student receives C- or D grades in excess of the allowed number, they may retake courses to meet the major coursework grade requirement for graduation. Students taking a graduate course for undergraduate credit must achieve a grade of B- or higher for graduate course credits to count towards their undergraduate degree.

Transfer Students

For policies governing admission and requirements for students transferring from another college or university, see Undergraduate Admission Policies - Transfer. (<http://catalog.gmu.edu/admissions/undergraduate-policies/#transfertext>)

Admitted and enrolled transfer students who have completed an AA, AS, or AA&S degree from the Virginia Community College System (VCCS) and have been offered admission to Mason by the Office of Admissions may be eligible for a waiver of all George Mason University's Mason Core (<http://catalog.gmu.edu/mason-core/>) requirements in accordance with the Guaranteed Admission Agreement. Students eligible for this waiver are still required by the university to complete ENGH 302 Advanced Composition (Mason Core) (<http://catalog.gmu.edu/mason-core/>) and a synthesis course.

Requirements

Degree Requirements

Total credits: 120

Students must fulfill all requirements for bachelor's degrees as stated in Academic Policies including all Mason Core requirements. Carter School majors must complete the 6 credit college-level requirement in research methods as well as 51 major requirement credits for the BS degree.

Students pursuing a double major/degree with a program outside of the Carter School undergraduate program will be expected to fulfill all of the Mason Core and college requirements necessary to complete the second major. Please check with the second major department concerning additional requirements.

Field Experience

Students can choose to fulfill this requirement through an internship, service learning, study abroad, or independent study.

Students may not be approved for field experience until they have earned at least 30 credits. It is recommended that students complete at least 9 credits of conflict coursework before applying for field experience credit. Prior departmental approval is *required* for students to receive

credit through any field experience options. Students can find trips with the Carter School (<https://carterschool.gmu.edu/>) and study abroad opportunities through the Global Education Office (<https://studyabroad.gmu.edu/>). Please contact a Carter School advisor with questions or for information on the opportunities, policies, and procedures for field experience credit.

Concentrations

There are eight concentrations:

- Concentration in Building Peace in Divided Societies (BPDS)
- Concentration in Global Engagement (GLBE)
- Concentration in Political and Social Action (PSA)
- Concentration in Justice and Reconciliation (JRCN)
- Concentration in Interpersonal Dynamics (INTD)
- Concentration in Collaborative Leadership (CLDR)
- Concentration in Environmental Conflict and Collaboration (EVCC)
- Individualized (IND)

To fulfill the concentration requirement students select six concentration courses. Four of those six courses must be taken from within their chosen concentration. The remaining two concentration courses may be taken from any of the concentration course lists. Special topics courses relevant to the concentration and/or courses that provide regional expertise can be substituted with departmental approval. Students are encouraged to check special topics courses each semester and think creatively about the applicability of courses that support learning in their chosen concentration. At least two of the six concentration courses must be CONF courses taken in residence. CONF 397 Study Abroad Special Topics and courses transferred from another institution do not fulfill this requirement. Courses may not double count for the concentration requirement and the skills and practice requirement.

Concentration in Building Peace in Divided Societies (BPDS)

Focuses on how divided societies with a history of conflict seek to transform relationships and situations of violence and injustice. Examines communities and societies that have experienced conflict and how individuals and groups build peace locally and globally.

Individualized Concentration (IND)

Students interested in creating their own concentration can work with an advisor to decide upon a set of at least six courses that will fulfill the requirements of the BS in Conflict Analysis and Resolution. Individualized concentrations must be approved by the Director of the Undergraduate Program.

BS in Conflict Analysis and Resolution without Concentration

Students may opt to complete their major in Conflict Analysis and Resolution without a concentration. The department offers many elective courses that allow students to deepen their understanding of theory and practice within the field of Conflict Resolution. Students may choose this option and complete the conflict resolution Core and 18 credits of conflict coursework selected from the following. These credits may not be used to also fulfill the skills and practice or field experience requirements.

Code	Title	Credits
Select 18 credits from the following:		18

Writing-Intensive Requirement

All Mason students are required to complete at least one course designated as "writing intensive" in their major at the 300-level or above. CONF 302 Culture, Identity, and Conflict has been designated "writing intensive."

Electives

Code **Title** **Credits**

Remaining credits needed to bring the degree total to 120 may be fulfilled with general elective courses.^{1,2}

1
Up to 3 credits of 100 level Recreation (RECR) courses may be taken as general elective credits.

2
Only Military Science (MLSC) courses at the 400-level can be used for credit for a degree in the School; credit for other MLSC courses may not be applied toward a degree in the School.

Mason Core

Some Mason Core (<http://catalog.gmu.edu/mason-core/>) requirements may already be fulfilled by the major requirements listed above. Students are strongly encouraged to consult their advisors to ensure they fulfill all remaining Mason Core (<http://catalog.gmu.edu/mason-core/>) requirements.

Students who have completed the following credentials are eligible for a waiver of the Foundation and Exploration (lower level) requirement categories. The Integration category (upper level) is not waived under this policy. See Admissions (<http://catalog.gmu.edu/admissions/undergraduate-policies/#transfertext>) for more information.

- VCCS Uniform Certificate of General Studies
- VCCS or Richard Bland Associate of Science (A.S.), Associate of Arts (A.A.), Associate of Arts and Sciences (A.A.&S.), or Associate of Fine Arts (A.F.A.)

Accelerated Master's

Conflict Analysis and Resolution, BA or BS/Conflict Analysis and Resolution, Accelerated MS

Overview

This accelerated Master's option is designed for highly qualified and motivated undergraduate students. If accepted, students may take up to 18 credits of graduate coursework before undergraduate degree conferral and will be able to earn an undergraduate degree and the Conflict Analysis and Resolution, MS (<http://catalog.gmu.edu/colleges-schools/peace-conflict-resolution/conflict-analysis-resolution-ms/#text>) after satisfactory completion of at least 141 credits. The time period for the combined program is typically five years. It provides a streamlined MS application process with no additional application fee.

For more detailed information, see AP.6.7 Bachelor's/Accelerated Master's Degrees (<http://catalog.gmu.edu/policies/academic/graduate-policies/#ap-6-7>). For policies governing all graduate degrees, see AP.6 Graduate Policies (<http://catalog.gmu.edu/policies/academic/graduate-policies/>).

Application Requirements

For specific application requirements and information for the accelerated Conflict Analysis and Resolution, MS (<http://catalog.gmu.edu/colleges-schools/peace-conflict-resolution/conflict-analysis-resolution-ms/#text>), see Eligibility, Policies, and Deadlines (<http://scar.gmu.edu/undergraduate/degrees/accelerated-masters/>). Applicants to all graduate programs at George Mason University must meet the admission standards and application requirements for graduate study as specified in Graduate Admissions (<http://catalog.gmu.edu/admissions/graduate-policies/>).

Students must have a minimum undergraduate cumulative GPA of 3.25 at the time of application.

Accelerated Master's Requirements

- Admitted students may take up to 6 credits of graduate coursework each semester. A maximum of 12 credits will count towards both the undergraduate and graduate degrees. The courses may count towards undergraduate and graduate requirements with approval by the Program Directors.
- Students must begin their master's program the semester immediately following conferral of the undergraduate degree and will be expected to complete all remaining graduate program requirements within five years.
- Contact tcsadvi@gmu.edu or ugradcar@gmu.edu for additional information on application of courses.
- No grade below a B is permitted for any undergraduate or graduate CONF course taken after application to the accelerated master's program until completion of the undergraduate program.
- If a student receives a grade below a B in any CONF course after acceptance in the program, they will not be allowed to continue on to the master's program. Students that have received a grade below a B in a CONF course after acceptance into the program may re-apply to the master's program after conferral of the undergraduate degree; however, re-application does not guarantee admission.
- At the time of the undergraduate degree conferral, students' GPAs must meet the standard required for admission to the master's degree.
